PETITIONS AND COMMUNICATIONS

State of Wisconsin
Legislative Audit Bureau
June 29, 1993

To the Honorable the Legislature:

We have completed an evaluation of programs for limited-English speaking (LES) pupils provided by local school districts and financed in part by the State's bilingual-bicultural categorical aid appropriation, as requested by 1991 Wisconsin Act 39.

From the 1987-88 to the 1991-92 school year, aidable program expenditures increased \$9.9 million, or 103.1 percent, exceeding the 48.2 percent increase in bilingual-bicultural categorical aids. As a result, the percentage of local costs reimbursed through state program aid declined 16.1 percent over the same period.

In part, the expenditure increase is related to a 51.5 percent increase, from 10,007 in March 1988 to 15,158 in March 1992, in the number of LES pupils enrolled statewide. Increased enrollments have led to increases in the number of districts required to provide formal programs and the addition of new staff by districts with existing programs.

Program costs are, however, also affected by differences in district programs, resulting in widely varying per pupil costs for LES pupils with the same native language. For example, 1991-92 per pupil costs ranged from a low of \$138 to a high of \$3,081 among the 24 districts reimbursed for serving LES pupils with Hmong as their native language. The cost variations reflect the significant flexibility local school districts have in three

areas: 1) program staffing, 2) program design, and 3) the length of time LES pupils participate in programs. If the Legislature believes these variations should be minimized, program standards could be established.

However, more significant changes may be needed to address inequities in the current reimbursement of local costs. For example, the costs of educating 4,606 LES pupils enrolled in 110 school districts are currently not eligible for reimbursement under the State's categorical aid formula. We include some options for the Legislature's consideration concerning modification of the formula through which funds are distributed.

We appreciate the courtesy and cooperation of the staff of the Department of Public Instruction and the school districts we visited. A response from the Department is Appendix III.

Sincerely,
Dale Cattanaach
State Auditor
